PLANNING DEPT.

29<sup>th</sup> August 2021

**Notice of proposed addition to Record of Protected Structures (RPS) in the preparation of the Draft Wicklow County Development Plan 2021-2027**

**Ref: Add 12: Eire Sign Bray Head**

Dear [REDACTED]

Following on from your correspondence dated the 2<sup>nd</sup> June 2021 we wish to object to the above proposal.

Our objection to the proposal is that the Eire Sign is on our private owned land. Such a proposal would encourage more public to trespass which in turn would be a liability for accidents and claims on our land. We wish to highlight that this site is located with steep cliffs into the sea which are hazardous and as we've lived on this land for 60 years, we've seen many rescues of the public from the cliffs by the Civil Defence and the Air Sea Rescue.

We are most definitely not prepared to be responsible for any public liability claims plus extra maintenance of our land for such a proposal put forward by the WCC.

However, we may consider selling the land to the highest bidder including WCC or the State.

Yours sincerely

*PP Mark Kopik*
